

Scoping & Environmental Process

What is Scoping?

- Scoping is the process of determining the focus and content (scope) of an environmental document through outreach to other agencies and the public.
- As part of this process, a Notice of Preparation (NOP) is prepared. This document provides notice to the public and other agencies that a draft environmental document is being prepared, and initiates their involvement in the process.

How You Can Provide Input

- Tell us the environmental issues that should be studied as part of the environmental impact report (EIR).
- Provide comments in written format on comment cards or via e-mail to SRTC@goldengate.org.
- Submit written comments in comment box or mail to:

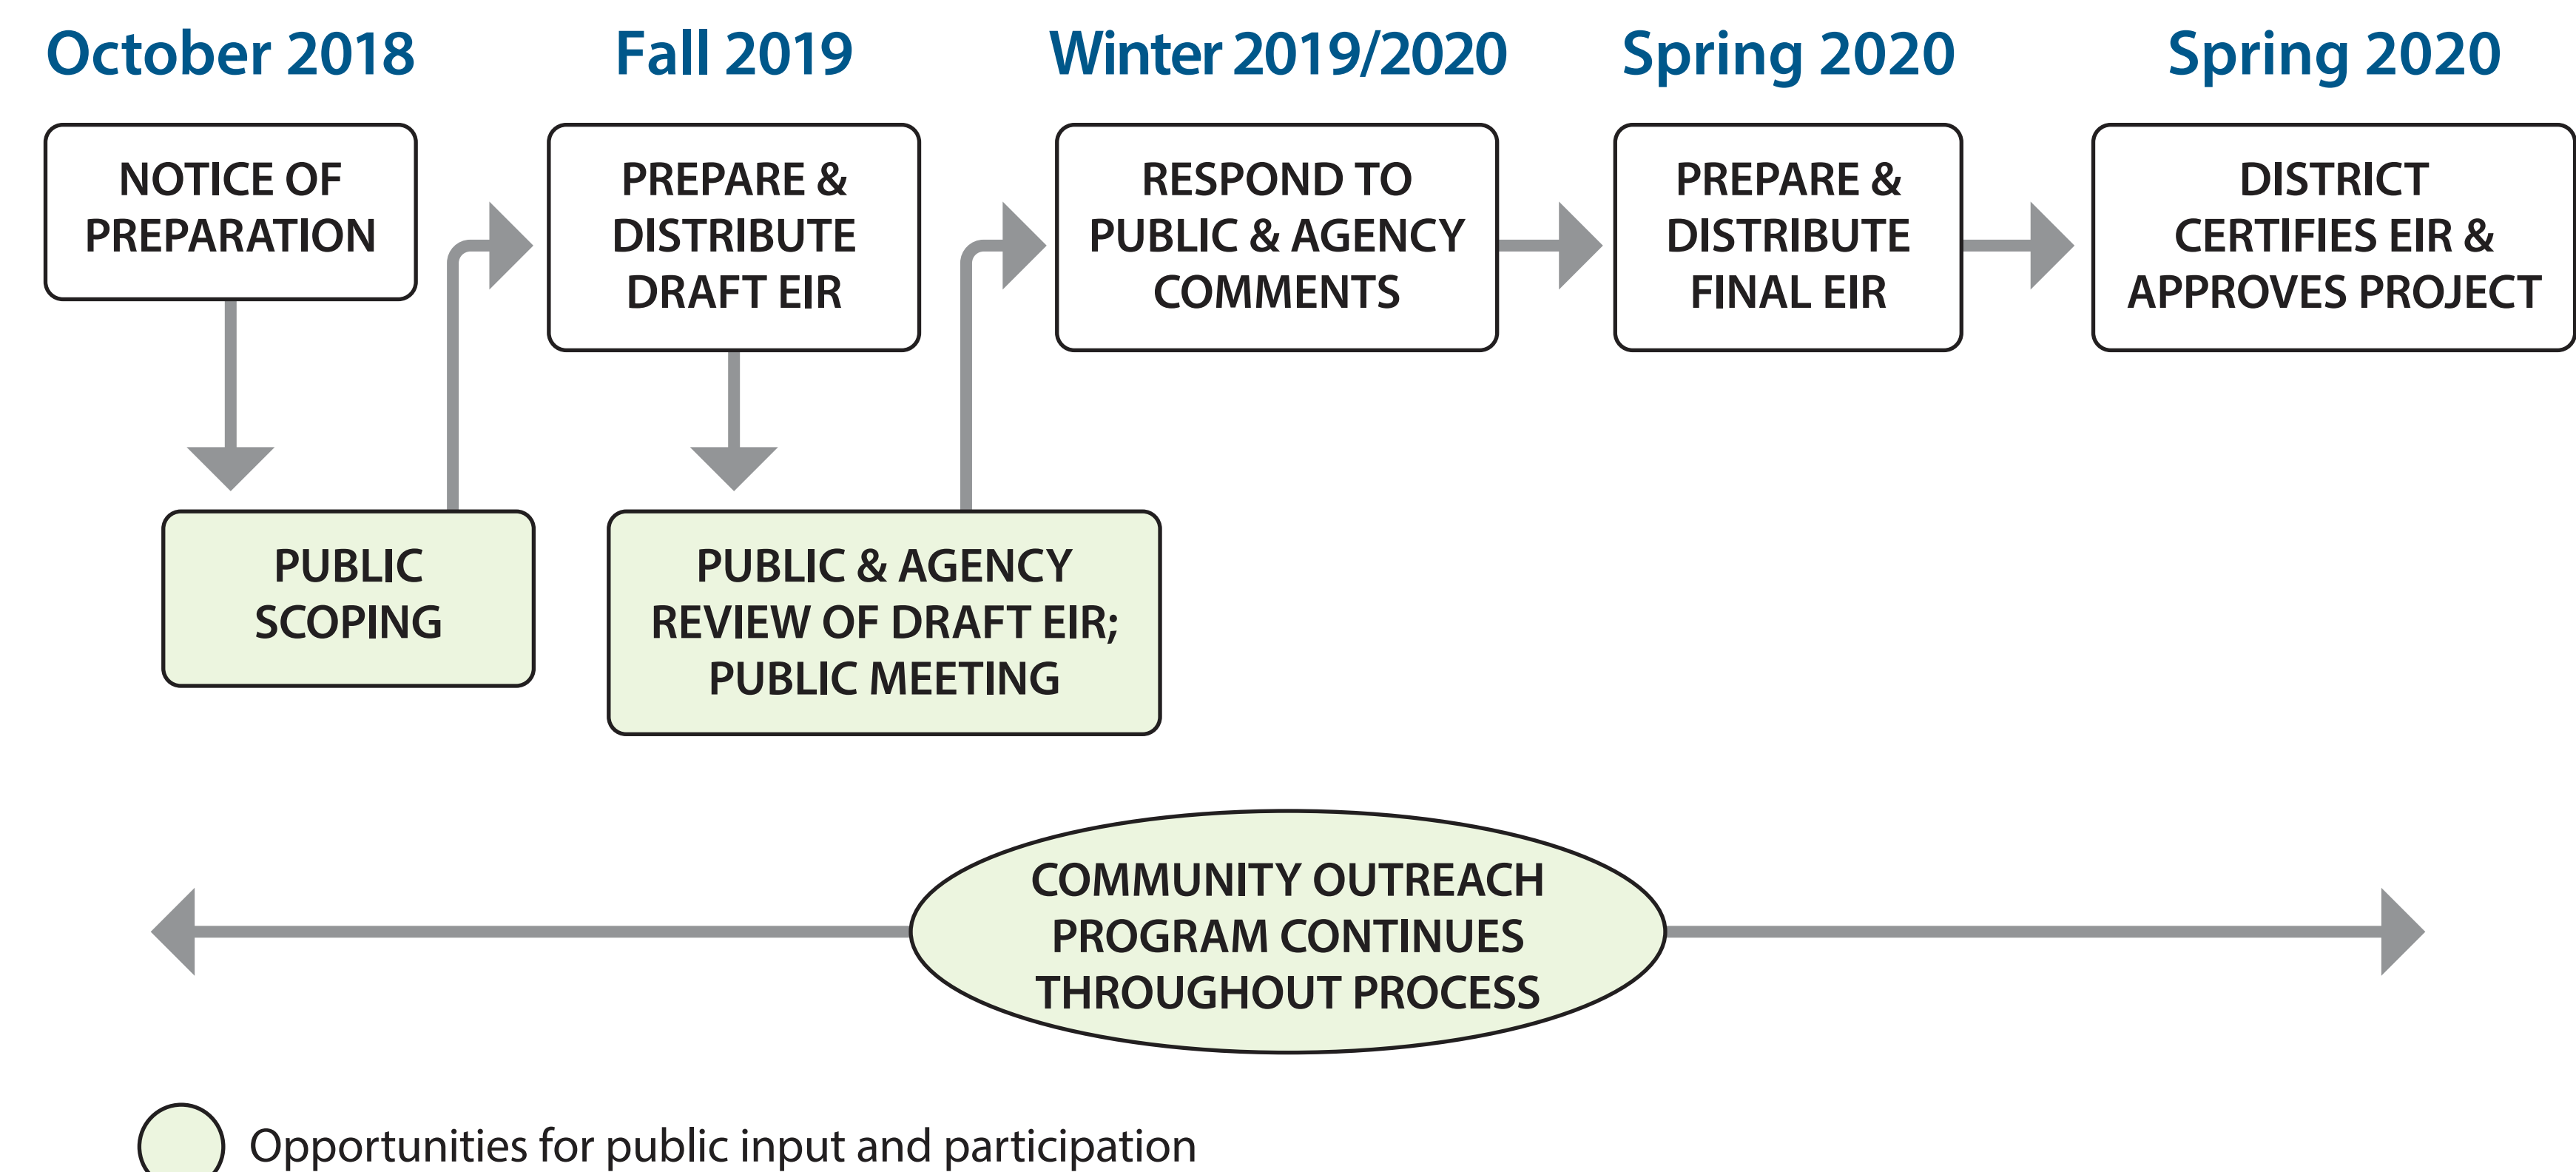

Raymond Santiago
Principal Planner
Golden Gate Bridge, Highway and Transportation District
1011 Andersen Drive
San Rafael, CA 94901-5318

- Comments must be received by **November 19, 2018**.

What Happens Next?

- All comments will be documented at the end of the scoping period.
- The comments received will inform the technical studies in the EIR, as well as the evaluation and selection of alternatives.
- There will be two additional public meetings:
 - **Spring 2019** – This meeting will be held to share further evaluation results to inform the selection of alternatives.
 - **Fall/Winter 2019** – This meeting will share the results of the draft EIR.

Environmental Process

Topics Required to be Considered in the Draft Environmental Impact Report

- Aesthetics
- Air Quality and Greenhouse Gases
- Biological Resources
- Cultural Resources
- Geology, Soils, & Seismicity
- Hazards and Hazardous Materials
- Hydrology and Water Quality
- Land Use and Planning
- Noise and Vibration
- Population and Housing
- Transportation and Transit
- Utilities and Public Services
- Cumulative Impacts
- Growth-Inducing Impacts
- Alternatives to the Project
